EDUCATION

- **GURU NANAK DEV UNIVERSITY,** Amritsar, Punjab

Bachelor of Technology in Computer Science and Engineering | CGPA: **8.13** 2022-2026

- **DAV INTERNATIONAL SCHOOL,** Amritsar, Punjab

12th; Percentage: **83%** 2021-2022

- **SACRED HEART SENIOR SECONDARY SCHOOL**

10th; Percentage: **94.6%** 2019-2020

TECHNICAL SKILL

Programming: Python, SQL, C++, JAVA
Data Analysis: Pandas, NumPy, Matplotlib, Exploratory Data Analysis, Feature Engineering
Machine Learning: Classification, Regression, Model Selection, Cross-Validation
Models: Logistic Regression, Linear Regression , Random Forest , KNN ,KMean, SVM, DBSCAN
Evaluation: Precision, Recall, F1-score
Tools: Scikit-learn, Jupyter Notebook, Git, GitHub, Kaggle, goggle collab

WORK EXPERIENCE

Think Future Technology | Internship in AI/ML JAN 2026

• Worked on Machine Learning projects involving data preprocessing, feature engineering, and model building .
• Developed and tested ML models, integrated APIs using FastAPI, and collaborated using version control best practices.
• **Tech Stack**: Python, Scikit-learn, Pandas, NumPy, FastAPI, Git/GitHub, VS Code, Jupyter Notebook.

PROJECTS

Bank Management System | OOPs

Build a C++ banking system with account management, deposits, and withdrawals – Implemented file handling for data persistence and retrieval. – Added exception handling for secure transactions.

Employment Management System | React.Js

Designed and developed complete frontend of a job portal where employee will be able to see the tasks that he/she as to perform and admin assign the task to employees .

Real- Time Power Bi Dashboard | PowerBI , Excel , SQL

Designed and developed an interactive Power BI dashboard to analyse real-time sales data. Connected dashboard to live data sources enabling dynamic visual updates and created responsive visualizations.

EXTRA CURRICULAR ACTIVITIES

Solved 100+ problems on LeetCode.
Provided assistance during placement drives for senior batches Contributed
as a Literary Team member in the CESS Society.

CERTIFICATION

- Two-month Training in Basics of Python (Mar–Apr 2023) Link
- Completed “Learning C++” Certification (Aug–Oct 2023)Link
